

**In Switzerland,  
5 people die of  
colorectal cancer  
every day**

**Yet early detection  
increases the chance  
of survival  
to over 90%**

**Together, let's eradicate  
colorectal cancer**

**Above the age of 50:  
get screened regularly**

**All: get your loved  
ones screened**

## 3 screening options

### Colonoscopy

**The standard full examination  
using a probe**

Carried out by a gastroenterologist  
in hospital or at a doctor's surgery  
Special preparation of the colon

**Every 10 years**

### FIT

**Stool analysis**

Kit available from your doctor  
or pharmacist  
Sample taken at home  
Sample sent through the post

**Every 2 years**

### Blood test

**Colox®**

Blood is taken at your doctor's office  
or at a laboratory  
Not reimbursable under  
basic insurance

**Every 2 years**
